

Pricelist valid from 01/06/2010 and superceeds all previous lists

The Pision Teklogix **WORKABOUT PRO** Terminal delivers the performance, ruggedness and durability required for mobile data collection in harsh environments in a user-friendly, ergonomic package.

The Workabout Pro ensures ease of integration with your existing or desired infrastructure. Unparalleled expansion and connectivity options deliver a high degree of customisation so that the Workabout PRO can be tailored to your application.

Rated at IP 54 (G1) and IP 65 (G2), the Workabout PRO is protected against dust and water and will survive multiple drops to concrete from 1.2metres (G1) or 1.5metres (G2)
